of Agriculture and Consumer Services
Steve Troxler, Commissioner

More information on each of these Educational State Forests can be found at:

ncesf.org

The North Carolina Forest Service is an equal opportunity/affirmative action employer. Its programs, activities and employment practices are available to all people regardless of race, color, religion, sex, age, national origin, handicap or political affiliation.

10,000 of this document were printed at a cost of 563.00 or .05 per copy.

ncforestservice.gov

Break away! Step into a world filled with natural beauty and learning opportunities - the Educational State Forest System of the North Carolina Forest Services.

In these forests, the trees weave tales of their neighbors and of the forests themselves. These managed forests are designed to help visitors better understand the value of forests to our communities and our lives.

Investigating Your Environment Workshops for educators...

Each forest has a "Demonstration Trail". Along these trails are exhibits and areas, which show different forest management techniques.

Each Forest has a Picnic Shelter

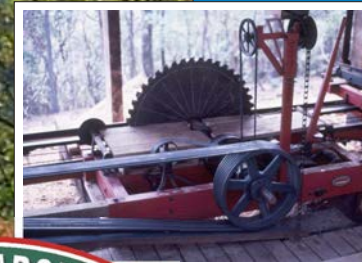

Listen to the trees tell their stories on the "Talking Tree Trails".

Helicopter at Holmes ESF

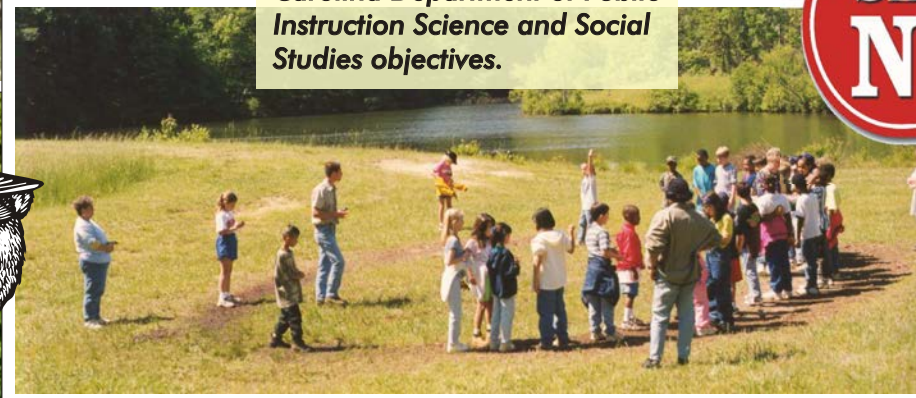

A variety of educational programs are available to student groups. These classes are correlated to the North Carolina Department of Public Instruction Science and Social Studies objectives.

Sawmill at Rendezvous Mt. ESF

A Fire Control Program at Clemmons ESF

Turpentine Still at Turnbull Creek ESF.
