FORESTRY CHEMICAL CONTRACTORS LIST

District 8 - Bladen, Brunswick, Columbus, Duplin, New Hanover, Pender

Herbicides are an economical and effective method of controlling unwanted vegetation but here are a few requirements that you must satisfy to insure you are receiving cost.

Updated 06/27/2018

- 1) **You must follow all label instructions.**
- 2) **You must follow the recommendations made by the N. C. Forest Service.**
- 3) **You must contact the N. C. Forest Service prior to application of chemical so we can monitor application.**

Herbicides (Pesticide) Licensing

For a person to prescribe herbicide use or apply herbicide on another's property, they must be licensed by the state of North Carolina. The N. C. Department of Agriculture and Consumer Services Pesticide Section and the N.C. Pesticide Board manage the licensinc process. More information, including a list of licensed herbicide professionals, is available at the following website: www.ncagr.gov/SPCAP/pesticides/index

If you are receiving cost-share assistance for the herbicide treatment, the N.C. Forest Service must review and approve the HAP prior to the herbicide work being performed. Landowners are also responsible for returning completed HAP to their Forester for cost share reimbursement.
