Two Workshops Coming Up

City of Trees: Releasing New Films
The award-winning documentary film, CITY OF TREES, which was screened in 2017, will address the business case for small woodlot and urban wood utilization; the opportunities for urban wood in the Mid-Atlantic; and sustainable business models for wood resource providers. The workshop will be held on Wednesday, July 26, 2017, from 9:00 a.m. to 5:00 p.m., at the Richmond Marriott Short Pump. The workshop will be sponsored by the North Carolina Forest Service Urban & Community Forestry Program and the NCUFC Urban Wood Group. For more information, contact Kelley McCarter at NC State University, College of Natural Resources at 919-515-2200 or kmccart2@ncsu.edu.

Wood Resource Users and Providers
The workshop will focus on developing a business model and successful case studies from the region. Topics include: Opportunities for Urban Wood in the Mid-Atlantic, Wood Removal and Processors, Forestry and management of urban wood, Wood Resource Providers - small scale forest product businesses such as firewood, shoreline, fuelwood, landscaping products, independent and mobile sawyers, artisans, and culinary professionals. Enrollment will be limited and includes professional continuing education contact hours will be provided for ISA Certified Arborists, NC Registered Foresters, and SAF Certified Foresters. For more details about the workshop content and objectives, call Kelley McCarter at NC State University, College of Natural Resources at 919-515-2200 or kmccart2@ncsu.edu.

The deadline for registration is Friday, July 21, 2017.

The workshop is sponsored by the North Carolina Forest Service Urban & Community Forestry Program, through funding from the USDA Forest Service, and in partnership with North Carolina State University and Dovetail Partners.

Avoiding and Treating Work-Related Bites and Stings
This WorkCare Fact Sheet describes work-related bite and sting risks, symptoms, treatment and preventive measures. Bites and stings are a relatively common injury; however, they are often overlooked. Employers and workers are encouraged to understand exposure risks, how to recognize and respond to stings and bites, and what they can do to prevent bites and stings. OSHA REGISTRATION N° 08409687 - This publication may be disclosed to third parties.
